

JAN ZANDBERGEN

INNOVATION THAT MATTERS

CONVENIENCE POULTRY

INTRODUCTION

Chicken is one of our most important sources of protein when it comes to meat. With countless ways of preparing, many of which quick and easy yet very tasty, it seamlessly meets modern day requirements. With busy life styles there is not much time left for cooking, more so than ever we turn to ready-made meals and main course salads for convenience.

Chicken products are widely used in foodservice, industry and retail with a continuously increasing demand. Jan Zandbergen 'Innovation that Matters' offers an extensive range of poultry products to meet this demand. Due to strategic partnerships we are able to continuously supply our customers with high quality products from Thailand and China varying from "off the shelf" products to "tailor-made" products that meet the needs of our clients. By centralisation of our storage and distribution facilities we are able to deliver quick and efficient.

CUSTOM MADE

At Jan Zandbergen 'Innovation that Matters', we strive at serving you the best way we can. We pride ourselves not only in quality but also in service and flexibility. In any challenge we see an opportunity to develop products tailored to your (specific) needs.

Our product specifications are based on your requirements in terms of:

- ▶ Calibration & dimension: weight, width, height, length etc.
- ▶ Preparation: cooked, fried, roasted, bar-marking, coating, gas searing and also marinated, powder coating, glazing etc.
- ▶ Packaging: your products can be packed in all varieties of packaging. This includes bags and cartons with your own design / labelling and desired sizes.

We have the product, market and technological know-how to develop products in partnership with you: products matching your image and business processes.

JAN ZANDBERGEN

Jan Zandbergen 'Innovation that Matters' is one of the leading importers and exporters in Europe supplying a wide range of high quality meats including poultry to foodservice, retail and industrial customers. Thanks to our global business partners we are able to guarantee a continuous flow of all products. By operating one of the most modern fully integrated production and storage facility in Europe, which meets the highest quality standards (BRC level A, QS and SKAL), we are able to deliver small and large quantities wherever and whenever desired.

Our Multi-Lingual team responds to markets trends and developments in the international meat industry on a daily basis, bearing our customers' needs in mind. Customer satisfaction, flexibility and efficiency are some of the key elements in our market approach.

For retailers, foodservices, wholesalers and meat-processing companies who are looking for the best quality meat and a reliable and strong supplier, Jan Zandbergen is the right partner!
